

## Habitat Build Food Providers

On June 12, **Ginny Charlon** will provide a snack and **Janet Tonkin** will provide lunch for the workers on the **Lois Landrum Memorial Build** on the 900 block of Oregon.

Our church decided to support the Indian Wells Valley Habitat for Humanity by sponsoring a house. The build was named after an active Methodist who worked with the Habitat for Humanity group here, Lois Landrum. You can support this project in a number of ways:

1. Volunteer at the build site on Oregon Avenue
2. Volunteer for Habitat for Humanity
3. Contribute money toward the build in the offering plate at church
4. Volunteer to feed the workers

If you are willing to volunteer to feed the workers on the second Saturday of the month, you need to call Mary Netzer who is coordinating this part of the mission. She can schedule you and give you ideas for meals. We are supplying a snack and a lunch on that day. You don't need to do this alone! Get with a friend, and call Mary to volunteer at 1(760) 375-7434
