

## Job Opportunities

The Naval Air Warfare Center—Weapons Division will be hosting two targeted recruitment events for individuals with disabilities and disabled veterans (Our Nation's Wounded Warriors). The first of the two events will be at China Lake on 22 July and the second one will be at Point Mugu on 5 August.

In order to ensure widest dissemination of these important NAWCWD job opportunity events, they are asking that we pass it to anyone that might be interested in employment with NAWCWD (China Lake/Point Mugu). Please keep in mind these are not general hiring events, rather they are targeted to individuals with disabilities and wounded warriors.
