

The Aquila

The California-Pacific Annual Conference (of which, this church is a part) has an on-line newsletter for people who can't remember what life was like without computers. You may now download the May edition of **The Aquila, the conference E-Magazine for Youth and Young Adult Ministries**. This month we highlight Spirit Quest 2010, the official annual Junior High event for the California-Pacific Conference of The UMC.

If you were there, you will relive the amazing memories. If you weren't there, we strongly encourage you to consider joining us in 2011 for what promises to be an even better time of fellowship, learning, and worship in a creative and natural environment fit for Middle School students. You may view The Aquila at" <http://calpacyoungpeople.org/>
